

Five star pledge

We, as part of the Link Academy trust, passionately believe that every child that journeys through our school deserves the highest level of educational experience. We are committed to a belief in life-long learning and have designed a broad and balanced curriculum which supports our 'five star pledge'. At Yeoford Primary School our children will leave being able to say ...

- I have played, explored and learnt in the beauty of 'The great outdoors'
- I have showcased and shared a passion beyond the curriculum
- I have tried something new that scared me at first
- I have worked closely and collaboratively with children of all ages
- I have made a lasting impact on my local community
